

# FACE AND BODY PAINTING

## FACE THE FACTS

If a picture's worth a thousand words, than a picture on your face is worth a million. If you're looking to brighten up your special event, then FacePainting and Body Art will add color and conversation.

For grand openings, company picnics, holiday parties, Mardi Gras Celebrations and parties themed around Halloween or Carnivale, adding a face painter to your event will guarantee a success.

## THE EYES HAVE IT

Our professional artists, Allison and Margi specialize in face and body art for all ages. Floral, animalistic, and ghoulish images just begin the list of potential designs. Imagine a shark painted on the face of a customer, its mouth coinciding with his. A vine growing up a VP's arm. A dragon on a sales director's chest. The artist often incorporates your guests' physical characteristics into their art, personalizing the creation for each individual.

## SAFE AND WASHABLE

Not to worry! The paints are safe and non-toxic. Though the artwork will last for a few days, if treated carefully, it can be washed off with soap and water after the event. Add color and imagination to your next event with Corporate Magic's Face and Body Art.

*At a Mardi Gras event in Orlando, a guest receives a monster face.*

*Cat-face for a woman*

*HP employees at a Halloween party become a tiger and two faced.*

*Artist Alison and a guest at the IFMA awards dinner.*

*Cirque-themed event guest gets a full-face painting.*

*Corporate Magic Body Artists, Margi and Allison.*

*Women at a National Restaurant Association event enjoying the face art.*

*Temporary eyewear at a Company picnic..*
