

## THIS GAME HAS IT ALL

A game that gets a guaranteed standing ovation — every time. A game that incorporates your company’s message. An interactive game with a built-in surprise ending that makes everyone a winner. And it only takes 5 minutes.

Possible?

Yes. It’s **Xtreme Bingo** and it’s exclusive with Corporate Magic.

*Your staff will leap to their feet and shout out your company’s name when they play Xtreme Bingo.*

## IMAGINE THIS

An “expert” from the International Gaming Society is introduced. He enters carrying a punchbowl filled with hundreds of dollar bills. Showing a brief PowerPoint (2 minutes), he gives an entertaining history of BINGO as he incorporates your company’s mission statement into the etymology of the word B-I-N-G-O. He even passes out Bingo cards that might incorporate your company’s name or meeting theme. Offering the cash as a prize, he explains the simple rules of the game — with one twist: To win, you must have five in a row, stand up, and **shout your company’s name**.

*Each member of the audience gets their own unique Bingo card. Corporate Magic can design the cards with a company name or key word on it. Although the cards are different, everyone wins at the same time!*

## EVERYONE’S A WINNER!

What happens? Everyone wins at the same time — even though they each have a different Bingo card. How does it work? It’s a secret. What happens to the money? The prize is “divided” among the “winners” with everyone getting one dollar as they exit the venue.

The laughter, surprise and invigorating style to this short interactive builds loyalty and enthusiasm for your company, its products and services. It’s the perfect way to segue into a lunch break or end a corporate meeting.

Play **Xtreme Bingo** at your next meeting or banquet and make everyone a winner.
