

# CORPORATE MAGIC CARICATURES

## 'TOON UP YOUR GUESTS

Looking for an event interactive that's not only the talk of the party, but also becomes a souvenir? Caricatures are the answer. Each guest that poses for a Corporate Magic Caricature will receive a personalized cartoon image. Hobbies, personality quirks and accessories can all be worked into the "toon portrait." Every time your guests looks at their souvenir, it'll bring a smile to their faces and reminder of your wonderful event.

*Angel the Artist completes a masterpiece at a family event for McKinsey and Company.*

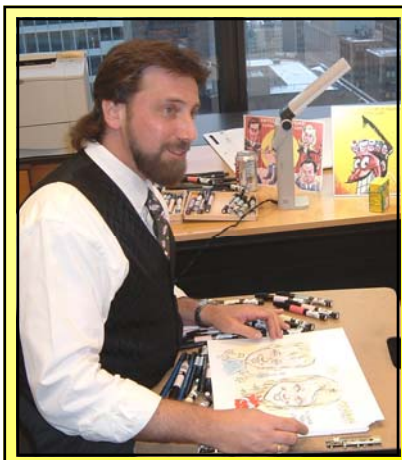

*Something's fishy with this personalized caricature by Marlene.*

## GIVE YOUR EVENT AN ART ATTACK

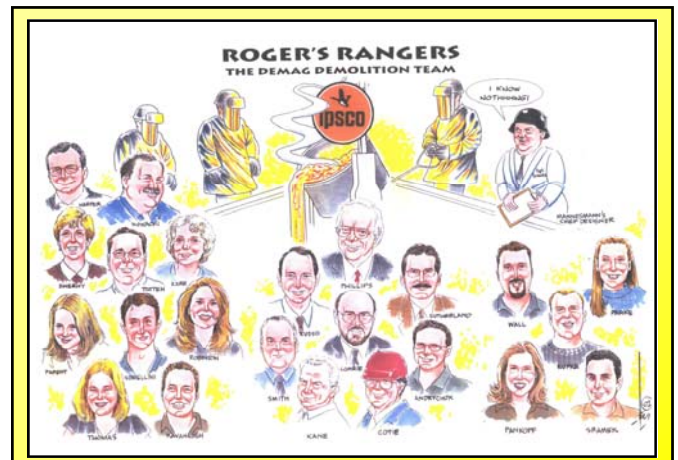

Between eight to ten guests per hour will receive a drawing. Caricatures can be in black & white or color - of individuals, couples or even a group! How many caricaturists should you have at your event? Corporate Magic can arrange up to 10 artists to draw the crowd!

## DRAWING THE LINE

Corporate Magic Caricaturists come in a variety of formats. Most clients request the traditional individual caricatures sized 11 x 14 inches, created in 8 minutes during an event. Want something special to hang on the office wall? Send us digital photos of your staff and we'll "tune" their faces into a caricature collage.

*David completes a "work of art."*

*Team 'Toon by David: A custom 18 x 24" caricature collage can be created from digital photos of your staff.*

**GREAT BIG FACES**

If a picture's worth a thousand words, then a giant caricature's worth *ten-thousand!* And these huge, 3-foot high images say it all! Paul specializes in drawing great big faces at rapid speeds. The process is as amazing as the end result which, of course, each guest rolls up at the end of the party so they can bring it home.

*Paul draws Great Big Faces of guests at special events.*

**CAPTURED ON CANVAS**

Here's a fun way to remember the guests who attend your party. Have their caricatures memorialized on canvas. Artist Ellen combines your guests' images onto a giant canvas. Guests each sit for five minutes and, at the end of the evening, you have a work of art that captures the memory of your event.

*Ellen captures the face of every party guest on canvas. What a memory of your event!*
